GRANGE TO INSTALL OFFICERS

The bi-monthly meeting of the Mattapoisett Grange was held Thursday night in the Grange Hall with Mrs. Mildred LeBaron presiding.

Due to the fact that the installing officer chosen was unable to be present on the regular meeting date, it was voted to hold the installation of officers on Thursday night, October 12th. William S. Elliott, treasurer of the State Grange Educational Aid Fund, will be present and with his suite install the 1962 officers.

This will be an open meeting so friends and relatives who are not Grange members may be present.

Mr. and Mrs. Lemuel LeBaron will be delegates at the State Grange session on October 24, 25 and 26 in Springfield with Mr. and Mrs. Otto Kellish as alternate delegates.

The Home and Community Service chairman, Mrs. Marion Hatton, reported on the flag purchased by her committee for the Blue Angels Drum and Bugle Corps, and will be presented at a future meeting.

Otto Kellish of the Agriculture Committee gave an interesting report on the care of flowers. This committee is comprised of Joseph Furtado, Mrs. Emma Atkinson and Mr. Kellish, and they report at each meeting alternately.

A most enjoyable lecturer's program was presented by Mrs. Myrtle Spagnoli, lecturer. A hat parade was presented where ladies of the Grange made and modeled their hats, with Mrs. Spagnoli at the piano. Prizes were awarded

FRIENDSHIP CIRCLE MEETS

The meeting of Hilltop Friendship Circle was opened by invocation by the chaplain, Mrs. Marjorie H. Wilson. Mrs. Marian S. Hatton, president, conducted the business meeting which included reports of the recent fair held at the Meeting-House grounds and lunchroom.

Mrs. Edna L. Borden, secretary, read correspondence from the United States Senators of New York giving detailed information regarding the present status of the Kinzua Dam. Hilltop Friendship Circle instructed Mrs. Borden in May to write President Kennedy and several national legislators of the Circle's disapproval of the proposed breaking of the oldest continuing treaty in the National Archives, signed in 1794 by President George Washington, and participated in by four Quakers from the Philadelphia Quaker Yearly Meeting, who had responded to an invitation from both the Seneca Indians and the Government.

Under the treaty the National Seal was affixed to a promise that "the United States will never claim the land, set aside forever for the Seneca Nation."

No reply has been received by the Circle to the letter sent to President Kennedy, in which he was reminded that during the 1960 Presidential campaign he was quoted as follows regarding his Indian policy: "There would be no change in treaty or contractual relationships without the consent of the tribes concerned," and that his administration would "discharge its moral obligations to our first Americans."

The Circle's letter requested President Kennedy to explore an alternative plan, submitted by Dr. A. E. Morgan, a Civil Engineer, with extensive experience in flood control, who had surveyed an area called the Carragaugus-Conewango Project, which he believes would accomplish the same purpose, without disturbing the Senecas, and which would cost $100,000,000. less.

THE ONE THAT GOT AWAY

Having watched weather maps for two or three days tracing "Esther" to a point where the big eye stared straight into Buzzards Bay, we can now appreciate the relief of the firmly hooked fish, reeled in and netted but dropped from the fisherman's hands back to the sea. Thanks to the cooling sea, we did not have to watch the destruction of our friends' homes and hopes. The fine hurricane warning system has now enabled our towns to brace for hurricanes. Thanks to this warning, most boats were safely ashore so that loss in the harbor would have been extremely small. We have come a long way since the disaster of 1938 when our communities were struck without any warning. On the anniversary of that storm Esther of 1961 proves that at least sensible precautions and preparation can be taken provided our people are informed. That all the work turned out to be unnecessary this time is a great relief. Even the best efforts of man are puny against the force of nature unleased in the hurricane. Not many owning homes or businesses in the waterfront

CAROLINE KENNEDY STOPS FOR LUNCH IN MARION

This week the Harbor Restaurant on Route 6 in Marion was visited by the small daughter of the President. Secret service men appeared in the restaurant and asked the owner, Mr. John Pulpi if he would serve the little girl lunch. Caroline was accompanied by her governess and the secret service men. She was served by Mrs. David M. Fearing of Rounseville Road, Rochester. A chopped sirloin sandwich, French fried potatoes and a glass of milk was Caroline's choice. Mrs. Fearing said that the little girl reflects the charm of her famous mother and father.
